

Helping West Bountiful Students Is Easy

Easy Steps for Most Households

Recycling Benefits our Community and School

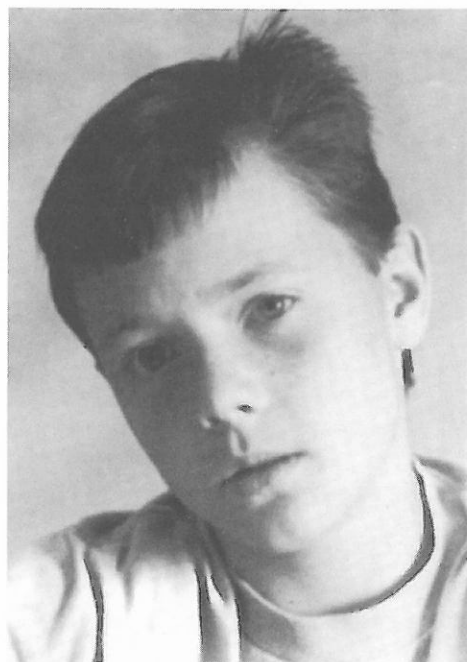

Ink Cartridge Recycling. Send in your empty Inkjet and Laser printer cartridges to school.

Plastic Bags for WalMart. Don't throw away your plastic bags. Wal-Mart will pay us to recycle bags (except black plastic).

Community Partners Giving Back to Your School

Box Tops for Education. There are three ways to earn money from Box Tops for Education. The most common way is by clipping box tops but do you know that there is an even easier way!

We all shop online and many of the stores we shop at give a percentage of what we spend back to the school. Anywhere from 2-25%!!! Example: ordering from 1-800-PetMeds will give back to the school 6% of your purchase. The school can earn up to \$20,000 per year. To use the marketplace you must go to www.boxtops4education.com and create an account and tie West Bountiful Elementary to your account. Then click on the Marketplace tab and enter your favorite store. Only transactions that originate through the www.boxtops4education.com site will qualify. There are over 60 stores to choose from—some of them are JCPenney, 1-800-Flowers, K-B Toys, Barnes & Noble, Oriental Trading, FTD etc.

The third way is to sign up for the Box Tops Book Club which gives 10% back to the school. We can earn up to \$60,000 per year just from Box Tops 4 Education!!! Click on this link www.boxtops4education.com to see products with the Box Tops label. We get a dime for each box top you save!

Albertson's Community Partners. Earn money for West Bountiful Elementary when you shop at Albertsons and use your Preferred Savings Card. You can register online at www.Alberstons.com. Click on "In the Community" to find the Community Partners logo link, call 1-877-9-EASY-4-U or send your Preferred Savings Card num-

ber and Phone Number to school and we will link it up for you.

Labels for Education. Keep cutting off and sending in Campbell Soup and Prego labels, Goldfish UPC's and Pace lids. Send them into school. It helps the PTA earn points to purchase school equipment. <http://www.labelsforeducation.com>

Smiths Earn & Learn. Each time you shop at Smith's using your Fresh Values Rewards Card, Smith's will contribute up to 5% of the purchases to the Smith's Earn & Learn Fund. To enroll call Smith's at 1-800-764-8897 or E-mail earnlearn@sfdc.com (You must include your Fresh Values Card number and that you want West Bountiful Elementary assigned to your card).

Tyson Project A+. Save box tops or tear off strips from any Tyson frozen chicken product with the Project A+™. We receive 24¢ for each label turned in. We can earn up to \$12,000 per year. For more information please see—<http://www.tyson.com/projectaplus/labels/products/default.asp>.

Target will give 1% of all REDcard purchases. If you have a Target REDcard please contact Target and have them link West Bountiful Elementary to your card.

Cream of Weber Milk caps.—Cream of Weber donates 5¢ to the school. You are already buying milk, just remember to save the caps.

Office Depot donates 5% for qualifying purchases. At checkout notify the clerk you want to link your purchases to West Bountiful Elementary.

- ◆ Combine all tot toys into one vicinity and include a possible splash pad for water play.
- ◆ A small train belonging to Ron Freestone to run on a set of tracks for special occasions.

These plans can only be realized if we pull together as a community to make this happen. In the next newsletter you will learn how you can make a difference at the West Bountiful City Park.

New Businesses Welcomed

We would like to welcome a few new businesses to West bountiful and offer them our support as a community. We look forward to a valued relationship.

Larry H. Miller—Chrysler/Dodge/Jeep Dealership
Lowe's
Repatee Art Gallery
Forever Young Shoes

By supporting these businesses you are giving back to our city.

Snow Can Be Fun, But...

Here are some timely public works reminders.

- ◆ Please keep our storm drains and ditches clean by keeping all debris out of the gutters.
- ◆ Remember there is no overnight parking on streets or during snow storms when snow plows need to be in operation. The Mayor and City Council has adopted a policy where if conditions permit, parking will be allowed 2 days prior to and 2 days after a holiday. If you have special needs outside these exceptions, please call the West Bountiful Police Department to be considered on a case to case basis.
- ◆ Please keep sidewalks clearly of snow for pedestrians within 24 hours of a storm.
- ◆ It is important that as you shovel and blow snow that you do not push or blow snow into the streets. When residents blow or shovel snow from their sidewalks and driveway into the street it defeats the efforts of the city snow plows and becomes a danger to motorists who believe the road is clear. Often snow and slush that has been place dint he streets becomes slick and turns into black ice. **It is unlawful to blow, shovel, or plow snow from private property into a public street or right of way causing a hazard to vehicles or pedestrian traffic.**
- ◆ Year around we need to remember to keep the Bike/Pedestrian Pathway clear and free of parked and motorized vehicles. When we use these pathways for parking and motorized vehicles, we put the pedestrians in jeopardy of getting hurt.

Thanks for keeping our city a safe place to live and now for a few tips in your homes with the single digit temperatures we have been experiencing:

- ◆ When going out of town—leave your heat turned on high enough to prevent pipes from freezing.
- ◆ Plumbing that runs along outside walls, is a greater risk of freezing. Open cabinet doors to allow more heat to come in contact with waterlines.
- ◆ To prevent pipes from freezing in crawlspaces, wrap pipes with heat tape that can be purchased at most hardware stores.
- ◆ If there are pipes that are not used often, leave a tap cracked open slightly in order to keep a small trickle of water flowing. This will help keep pipe from freezing.
- ◆ Take hoses off of outside taps. Install insulated covers on all hose bibs.

Holly Refinery Installs New Alarm System

The Holly Refinery will be installing a new emergency alarm system over the next few months. This system will replace the existing alarms (ie, oscillating siren and air horn) that sounds off each Friday at noon for testing.

Since these alarms will affect the community, Holly is planning to hold public meetings and provide further details when this project is closer to completion. You may find information regarding these public meetings at www.westbountiful.utah.gov.

Youth Council Inducted for 2008

A new Youth City council was inducted for 2008. The Council helps the City Council render services to the community. Among their projects is the Easter Egg Hunt, Safe Halloween event, collecting turkeys for needy residents, Santa coming to town, Elf Tree Assistance, etc.

Some of our youth will be participating in Davis County Youth Summit and the annual Youth Conference held at Utah State University. Youths participating in these events learn to become better leaders and citizens.

Youth Advisors are Rich Eggett and Debbie McKean. Youth Mayor is Bryne Lytle and Youth Mayor ProTem is Becca Morse. Special thanks to Stephanie Romney for a wonderful year in 2007. Her leadership was awesome.

City Talent Search

The West Bountiful City Arts Council is in need of citizens of all ages with talent. If you or someone you know has a talent they are willing to share with our community, we would love to know.

Talent for our Monthly Concert Series can be any type of wholesome entertainment. Forty-five minutes is the amount of time you would need to plan on filling, (two or more entertainers could work together to fill that time). In addition, monthly artwork displayed in City Hall can be any small public display of crafts, art, etc. Please contact Arts Council Chairperson Dianne Smith at 292-7777.

Park Committee Looks at Plans for Upgrades

A Park Committee was formed to review and plan an upgrade to the West Bountiful City Park. The committee will be submitting ideas to be evaluated and hopefully incorporated into the upgrade. A few of those ideas to be submitted are:

- ◆ New sprinkler system to insure that green space and trees have adequate water supply.
- ◆ Multi-use sports fields, so that the area currently utilized for baseball, can be expanded to be used for other youth sporting event.
- ◆ Expansion of the Large Bowery to include a larger stage area, storage and upgraded restroom facilities.
- ◆ Two additional small boweries
- ◆ A basketball court, tennis court and upgraded volleyball court
